Description:

Time to even the score... That's what Deputy U.S. Marshal Custis Long has become—in fact they can chisel it on his tombstone because new deputy Henry Plummer is bound to get him killed. Longarm's boss has asked him to take the mayor's son under his wing and teach him the ropes,

but young Plummer quickly proves to be greener than grass. Longarm has a bigger problem, though. Henry Plummer has sworn vengeance on the two men who shot his mother in front of him when he was a child and would like nothing better than to use his shiny new badge to track the dirty dogs down. After Deputy Plummer is wounded stopping a botched bank robbery, a guilt-stricken Longarm vows to help him by finding his mother's murderers and giving them a taste of six-cylinder justice...

I have been an enthusiastic fan of Custis Long U.S. Deputy Marshal series for quite a few years. This one, Longarm and the Deadly Restitution #410, is one of the best adult westerns I have read lately. I realize these are formula novels by different writers, but I hope who ever wrote this one keeps on turning out Longarm novels. A few of the many previous Longarm westerns I read were written by writers who were not very good at spinning a western tale. This book has all the ingredients to make it a fantastic read. This story begins with Custis Long being assigned a new deputy who happens to be the Mayors son. Longarm takes the young man under his wing as they both begin looking for some ruthless gang of killers who have taken up bank robbery as their new criminal profession. There are plenty of twists and turns in this tale. I never like to give away too much and spoil it for readers which other reviewers seem to love doing; however, I will say that this western tale has a little bit of everything. This is a well-written story which to me, is interesting enough to have some producer take a look at this particular Longarm novel to make it into a movie. The characters are compelling and that is what makes a good novel. There is enough action to keep you turning the pages. This western story has punches thrown, shoot-outs, revenge, and some spicy lust to make this an excellent adult western story. If you are a fan of Longarm, you should check out this novel. Rating: 5 Star. Joseph J. Truncale (Author: Predator Hunter: A warriors memoir)
